Problem-Solving Obedience Seminar

Practical and Motivational Training for Performance Obedience

Competitive obedience is like dressage- to be great it requires teamwork and precision.

Connie is an inspiration to us all with her enthusiasm, good humor, expertise, and generosity of her time and talent. She believes dog training should be fair and balanced. Connie states, "I love shaping behaviors, I love teaching and showing dogs what to do. I talk about effort errors and lack of effort errors. Keeping dogs motivated to perform is the challenge." Connie has made her living helping people solve problems with their dogs. Plan on attending to solve your training problems, organize your training sessions and create long-range training goals. She loves seeing people overcome a challenge that was going to keep them from reaching a goal.

Connie has earned nine Obedience Trial Championships, a UDX on a Maltese, a CDX on a Shih-tzu, two Field Championships, and four Amateur Field Championships.

Her goal is to teach handlers and their dogs what to do, how to do it, and the virtues of cooperation, with clarity, consistency and care, and empower dogs to do their best.

This puppy-to-utility seminar will cover:

- Discussion of how dogs learn

- Explore ways to break exercises down for any dog to learn that builds up to the UD and beyond.
- Teaching dogs to make the **CHOICE** to pay attention
